

Assist Fly Fish for Life in Kind Donations

Fly Fishing Equipment

Are you upgrading for the next season, or hanging onto equipment you seldom or ever use? As a nonprofit organization, Fly Fish for Life relies strongly on receiving donations of items needed for our events and programs to occur.

Other Needs

As a new non profit, these first years will undoubtedly be our most difficult. In order to effectively and efficiently work to achieve our goals, we must provide the roots for our organization. These roots are found in our headquarters located in Parker, Colorado's new Victorian Peaks office building. In our first year we are seeking friends, and partners in our journey to provide the nuts and bolts for our foundation office. Please view our wish list carefully to determine if you and/or individuals you know could fulfill some of our needs.

Tax Deductions

Fly Fish for Life is awaiting a 501(c)(3) letter of determination. Upon receiving this letter, your donations will be tax deductible to the worth of the item.

"It's every man's obligation to put back into the world at least the equivalent of what he takes out"

-Albert Einstein

Where will your donated items be used?

FlyrodXstream

This Fly Fish for Life program will be taking **youth groups** of up to twenty young adults between ages 13-18 on overnight float fishing excursions. In doing so, our participants will likely need all the mentioned fly fishing equipment.

Mending Minds

Fly Fish for Life will be taking groups of individuals recovering from life altering **brain and spinal injuries** on two day retreats. We are in great need of equipment for these retreats in order to ensure that participants receive a quality experience.

Other Programs and Events

The use of donated items will be used by participants of our events, and Fishing for Tomorrow program. Providing items needed to our headquarters will allow Fly Fish for Life to put valuable funding towards our programs.

Please Contact Us

If you are considering donating some of your items to meet the needs of our wish list, please contact us so we can discuss the items and establish the best means of receiving your contribution. You may contact us by phone at 720-933-0561, or by email at info@flyfishforlife.org
